Centralina DMX touch sensitive

DMX controller for PC touch sensitive

Con la centralina DMX touch sensitive è possibile gestire la programmazione di scenari statici e/o dinamici di un singolo punto luce o di un intero sistema di illuminazione.

L'apparecchio può essere installato e funzionare in modo autonomo. E' caratterizzato da un design minimale ed elegante, e viene fornito con vari accessori: canali DMX 1024, pannello "touch sensitive", orologio, calendario, controllo remoto.

With the DMX touch sensitive controller it is possible to set static and dynamic scenarios of a single light point or of a whole system.

This stand alone controller is easy to install. It is characterised by a minimal and refined design, and it comes with many different accessories : 1024 DMX channels, touch sensitive panel, clock/calendar, remote control.
